

Product Data Sheet

HDS 550 C Eco

Compact, user-friendly hot water pressure cleaner.

The HDS 550 C Eco is a compact hot water high-pressure cleaner that combines innovative technology with outstanding customer benefits. It has been designed to provide exceptional cleaning power for a wide range of cleaning applications. Features of this unit include the user-friendly single button control panel with LED indicators showing the status of machine functions and the internal fuel and detergent tanks within the chassis. Ideal for the automotive and agriculture industries as well as hire.

Features and Benefits:

- Compact design makes transportation easy.
- Flue gas temperature limiter switches off the drive motor if the flue gas exceeds 300°C.
- High-performance burner is automatically switched off when the supply of water is low protecting the unit from overheating.
- EASY press trigger gun can be held and operated with minimum effort.
- Tools and accessories can be stored under the machine cover.
